(b) (6)

Dear Mr. Hammond,

This is in reference to your Freedom of Information Act (FOIA)/Privacy Act (PA) request dated November 25, 2017, which was received in our office on the same day and was assigned the case number DON-NAVY-2018-001684. Additionally, this letter will serve as a response to your FOIA request dated December 9, 2017, which was received in our office on the same day and was assigned the case number DON-NAVY-2018-002157. It has been determined that 2018-002157 is duplicative of 2018-001684.

In the course of processing your FOIA request this office contacted the Office of the Judge Advocate General, General Litigation (OJAG 14), the Bureau of Medicine and Surgery (BUMED), and the Chief Information Officer (DON CIO) to conduct a search for applicable records. Subsequently those offices electronically searched their local files for records relating to your FOIA request DON-NAVY-2017-010423 "All FY 2013 Quarterly FOIA Report Emails, DON assigned FOIA tracking numbers DON-NA VY-2017-008847, FOIA APPEAL DON-NAVY-2017-010608".

OJAG has identified 8 documents totaling 194 pages that are responsive to your request. BUMED has identified 1 documents totaling 85 pages that are responsive to your request. DON CIO has identified 1 documents totaling 5 pages that are responsive to your request. DNS-36 has identified 10 documents totaling 28 pages that are responsive to your request.

Please be advised, it has been determined that in order to remain as transparent as possible, these records will be released in their redacted form for public consumption via FOIAonline.

Upon review of these documents, it has been determined that they contain instances of personally identifiable information (PII), such as the names, email addresses, and physical addresses. These instances of PII are exempt from disclosure under 5 U.S.C. § 552(b)(6), since release of this information would result in a clearly unwarranted invasion of their personal privacy. In order to protect your privacy, your private information is also withheld under (b)(6). In order to determine whether the information is at issue, this office applied the Reporters Committee Balancing Test.

1. Determine whether there is a personnel, medical, or "similar" file.
2. Determine whether there is a significant privacy interest in the requested information; (In the post-9/11 environment and associated heightened security posture, DoD employees (military, federal, contractor) generally have a greater than de minimis privacy interest in the nondisclosure of personal information simply due to the virtue of their association with DoD (and the release of DoD records which implicitly disclose this association).
3. Evaluate the requester's asserted FOIA public interest in disclosure;
4. If there is a significant privacy interest in non-disclosure and a FOIA public interest in disclosure, balance those competing interests to determine whether disclosure "would constitute a clearly unwarranted invasion of personal privacy." DOJ v. Reporters Comm. for Freedom of the Press, 489 U.S. 749, 763 (1989)

Additionally, these documents contain instances of predecisional, attorney-client privileged information, which is exempt from disclosure under 5 U.S.C. § 552(b)(5). The remainder of the documents are released to you.

Because your request is partially denied, you are advised of your right to appeal this determination by writing to:

Department of the Navy  
Office of the General Counsel  
1000 Navy Pentagon Room 4E635  
Washington DC 20350-1000

Your appeal must be postmarked within ninety calendar days from the date of this letter. A copy of your initial request and this letter must accompany the appeal. The appeal should be marked "FREEDOM OF INFORMATION APPEAL" both on the envelope and the face of the letter. In order to expedite the appellate process and ensure full consideration of your appeal, your appeal should contain a brief statement of the reasons you believe this decision to be in error.

In this instance, the fees associated with processing your request were below the minimum threshold and have not been assessed. Please be advised, however, that fees, fee categories, and fee waivers are determined on a case-by-case basis; a previous determination has no influence on future determinations.
